What else is important to know about the Morimot experience?

The Morimot year is an important one for students and the class as B'Mitzvah celebrations are a highlight of community life at Shir Tikvah. As such, student and parent/guardian attendance and participation throughout the year - including once one becomes B'Mitzvah - are expected.

Morimot concludes our students' formal Hebrew-learning. Hebrew is taught on both Sundays and Wednesdays as students learn to lead prayer. Over the course of the year, Morimot students will gain comfort and confidence in leading prayers core to Shabbat practice and the B'Mitzvah journey.

One weekend-long retreat takes place during the Morimot year.
